

Stainless Steel Products

For particularly high hygiene requirements resp. aggressive environments we offer the following products in stainless steel:

- Stainless steel **devices**
 - All parts touched by media are made of stainless steel or special plastics and thus acid and de-mineralised water resistant
 - Media used must be usable with V2A stainless steel (1.4301)
 - All devices work with pressure of 3 to 12 bar
 - Devices: 1000 ESE (without collector); 1000 ESR (with collector); 1000 ESR-Tower
- Stainless steel **options** - for standard and stainless steel devices
 - Stainless steel collector: Option 1000 EW
 - Stainless steel chassis: Options SR-EC and SRE-EC
 - Stainless steel wheels: Option 1000 ER
 - All optionen also as upgrade resp. retrofit
- Stainless steel **accessories** - for standard and stainless steel devices

APPLICATION

ADVANTAGES

In general	✓ Fast, gentle, and efficient
	✓ Both climate friendly and health friendly
	✓ For cleaning with acids and de-mineralised water
Stainless steel devices - options - accessories	✓ For particularly high hygiene requirements
	✓ For particularly aggressive cleaning agents or media
	✓ No lime residue because of de-mineralised water

Stainless steel devices

1000 ESE - inside in stainless steel

- ✓ Applications with high hygiene requirements
- ✓ For cleaning large parts with de-mineralised water or acids
- ✓ Sensitive environments: Pharma, aerospace, food...

1000 ESR - inside in stainless steel

- ✓ For cleaning parts with de-mineralised water or acids
- ✓ Re-use of cleaning medium
- ✓ High-gloss polished parts, precision parts, prior to paint jobs

1000 ESR-Tower - inside in stainless steel

- ✓ Applications with high hygiene requirements
- ✓ Cleaning of precision parts with de-mineralised water or acids
- ✓ Sensitive environments: Laboratories, MedTech, watches...

Stainless steel options

Stainless steel collector 1000 EW

- ✓ Particularly robust and resistant against shocks and strikes
- ✓ Particularly easy to clean

Stainless steel chassis 1000 SR-EC / SRE-EC

- ✓ Fulfills even highest hygiene standards
- ✓ Resistant against shocks and strikes
- ✓ Particularly easy to clean

Stainless steel wheels 1000 ER

- ✓ Fork in stainless steel, wheel body in plastic, treads in abrasion-resistant polyurethane
